10 Mistakes You Should Not Do In Preparation of UGC NET Exam Paper 1

- **Misconception VS Reality**
- **10 Reason of Mistakes You Should Not Ignore !!!**
 - Regular Study of Paper 1 was not done by students
 - Study Schedule for Paper 1 is missing from time table
 - Importance of Teaching and Research Topics were ignored
 - **Over confident students** makes no Revision of Basic Mathematics
 - Data Interpretation basic concept of statistics ignored
 - Information and Communication Technology Syllabus Ignored by Arts Students
 - candidates don't follow policy changes in Higher Education System
 - No Practice of sample paper/previous paper/ test series done
 - Study 10th standard books for People and environment ignored
 - Study each topic as 5 questions will definitely come from each topic

Syllabus Details

- **Teaching aptitude**
- **Research aptitude**
- **Reading comprehension**
- **Communication**
- **Reasoning**
- **Logical reasoning**
- **Data interpretation**
- **Information and communication technology**
- **People and environment**
- **Higher education system**

Teaching aptitude

- Teaching: Nature, objectives, characteristics, and basic requirements Learner's characteristics Factors affecting teaching Methods of teaching aids; Evaluation systems.
- **Tips:**
 - **Follow Some Standard Notes**
 - **Prepare your Own Chart Based Notes ([Example](#))**
 - **Keep Short Notes handy**
- Characteristics of Teacher and Student is Important
- ****Note** – Teaching Aptitude is purely theoretical topic need to studied using short notes

Research aptitude

- Research : Meaning, characteristics and types Steps of research Methods of research Research Ethics Paper, article, workshop, seminar, conference and symposium Thesis writing: its characteristics and format.
- **Tips:**
 - Follow Some [Notes](#) or IGNOU Materials /Central University NOTES
 - Study Various Research Example
 - Remember Differences
- Method of Research and Types of Research
- **Solve as many as question on Research Based topic

 - Forms and types of communication
 - Our Objective of This part to understand
 - Theories and models of communication
 - Barriers to Communication
 - Organizational communication
 - Formal communication channels and network Pro and Cons
 - Organizational Communication channel network and Pro and Cons
 - Theories and models of communication

Reasoning

- Number series; letter series; codes; Relationships; classification
- [Follow Quantitative Aptitude for Competitive Examinations by R.S. Aggarwal](#)
- Important Topics
 - Number Series
 - Coding Decoding
 - Choosing ODD one out
 - Family Relation
 - Seat Arrangement
 - Basic Maths (% , Ratio, Profit & Loss Calendar , Ven Diagrams
 - ***PRACTISE IS KEY HERE !!!

Logical reasoning

- Understanding the structure of arguments; Evaluating and distinguishing deductive and inductive reasoning; Verbal analogies: Word analogy — Applied analogy; Verbal classification. Reasoning Logical Diagrams: Simple diagrammatic relationship, multi-diagrammatic relationship; Venn diagram; Analytical Reasoning.
- [Follow Quantitative Aptitude for Competitive Examinations by R.S. Aggarwal](#)
- Important topics
 - Propositions
 - Syllogism/Rules & IR
 - Arguments

Data interpretation

- Sources, acquisition and interpretation of data. Quantitative and qualitative data; Graphical representation and mapping of data.
- **Tips:**
 - [Follow Quantitative Aptitude for Competitive Examinations by R.S. Aggarwal](#)
 - Study basic bar and PI Chart examples
 - Average & Profit Loss & % (Percentage Topics)

Information and communication technology

- ICT : meaning, advantages, disadvantages and uses; General abbreviations and terminology; Basics of internet and e-mailing
- TIPS
 - Prepare List of General abbreviations and terminology
 - Study Basic of Computers from Standard 10th books
 - Major Gov. Initiatives
 - **Basic Computer terms(Generation /Networks/ICT)**

People and environment

- People and environment interaction; Sources of pollution; Pollutants and their impact on human life, exploitation of natural and energy resources; Natural hazards and mitigation

Strategy

- Understand the CBSE UGC NET Paper 1 pattern thoroughly. It's important to answer 50 questions you know rather than answering more because if you answer more than 50 questions only the first 50 will be counted regardless if questions after the first 50 are answered correctly
- Follow a methodical pattern of studying for maximum benefits keeping latest trends of paper in mind.
- Prepare a study schedule including as many varied topics as you can and study accordingly.
- Study basic concepts in mass communication for the communication topic.
- Study each topic as 6 questions will definitely come from each Section.
- It's important to study Teaching and Research in depth as the most difficult questions are usually in this section.
- Revise basic mathematics concepts from class 10th, focusing mainly on understanding sets/patterns and improve approximation technique
- Data Interpretation is generally based on statistics, so study statistics from class 10th to prepare.
- Read any new material (not too long) and try summarizing it in a few points to practice for reading comprehension.
- People and Environment should be prepared from Class 10th as well
- Information and Communication Technology and Higher Education System should be given sufficient time as both are material-heavy
- Prepare Information and Communication Technology and Higher Education System from books specified for UGC NET
- Use flash cards and charts for Information and Communication Technology, Definitions, abbreviations and terminology are very important for Information and Communication Technology so make sure you know them well
- Study for Higher Education System Governance, Polity and Administration using flowcharts
- Practice as many sample papers/previous year papers as you can to gain speed and accuracy
- Remember to check the sample CBSE UGC NET Paper 1/previous CBSE UGC NET Paper 1 soon after completing it so you can identify and improve on your weak areas.
Go through the paper once and make a mark of those questions that you know well to be encircled in the OMR sheet.
- Mock tests build confidence level in the candidates, give a useful insight on what his speed and level of preparation is and where all he should enhance. For example, if a candidate is preparing hard and is still not performing well in the mock tests, he or she can judge what his weakness is and he can ultimately work on it.
- ****Don't get stuck on a single question. If you don't know the answer for a particular question, go ahead and try to solve other questions. More importantly, don't mark the answer for the question you don't know because it will break your confidence level.**
- ****Time management is also very important. You get only 75 minutes to solve the paper. So you should solve a question within 65-70 seconds to complete the paper on time and recheck your answers.**

Why Practice of CBSE UGC NET Previous Year Papers is a must?

- This Improves Time Management Skills
- Checks Level of Preparation
- Builds Speed & Accuracy
- Enhances Question Solving Skills
- Boosts Confidence

Its proven fact that if you solve at least last ten year question paper of any competitive exam your chances to secure good marks increases by 20 %,So topmost importance to solving previous year question papers.

Q & A

Final words !!

- So, your success in Crack CBSE-NET Exam depends on four D's i.e Dedication, Determination, Discipline and Drill. Be ready to work tough like a sportsperson. Plan your syllabus distribution in a time period and try to work it out within your set schedule. Set weekly/monthly targets and at the end of the week, do a self appraisal or critical evaluation exercise.
- Many of the candidates take CBSE UGC NET Paper 1 very lightly thinking that it is very easy to clear paper 1 of UGC NET. Of course, it is very easy to clear this paper but it is to be remembered that scoring high marks in this paper will help you in your cumulative/aggregate score. Because, earlier UGC kept only minimum qualifying marks to qualify in this exam but nowadays, you got to score that cutoff marks which varies from time to time. So be careful and give utmost importance to paper 1 too to clear the exam with flying colors.
- You may find a lot of temptation to give up the attempt in NET examination but never quit. Here you keep in mind some words of Thomas Edison's who said, "Many of life's failures are those people who did not realize how close they were to success when they gave up."
